Important Notices and Disclaimer

Important Information

This joint presentation has been prepared by CZR Resources Limited (**CZR**) and Zuleika Gold Limited (**Zuleika**).

This presentation has been prepared in relation to the proposed acquisition by CZR of Zuleika by way of an off-market takeover bid. The takeover bid is subject to the terms and conditions described in the bid implementation deed entered into between CZR and Zuleika on or about the date of this presentation (**BID**). A copy of the BID is attached to the ASX announcement on or about the date and is available on the ASX website (at www.asx.com.au).

Disclaimer

CZR and Zuleika have jointly prepared this presentation based on information available to them as at the date of this presentation. No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this presentation. To the maximum extent permitted by law:

- none of CZR or any related body corporate of CZR, nor any of their respective directors, employees, agents or advisers (**CZR Parties**), or any other person, accepts any liability, including, without limitation, any liability arising from fault or negligence on the part of any of them or any other person, for any loss arising from the use of this presentation or its contents or otherwise arising in connection with it; and
- none of Zuleika or any related body corporate of Zuleika, nor any of their respective directors, employees, agents or advisers (**Zuleika Parties**), or any other person, accepts any liability, including, without limitation, any liability arising from fault or negligence on the part of any of them or any other person, for any loss arising from the use of this presentation or its contents or otherwise arising in connection with it.

The presentation contains summary information only, and further detailed information about CZR, Zuleika and the takeover bid will be provided in the Bidder's Statement and Target's Statement prepared by CZR and Zuleika respectively to be dispatched to Zuleika's shareholders.

This presentation contains general and background information about CZR and Zuleika activities as at the date of the presentation and should not be considered to be comprehensive or to comprise all the information that an investor should consider when making an investment decision. The information in this presentation should be read in conjunction with CZR's and Zuleika's other periodic and continuous disclosure announcements lodged with ASX, available at www.asx.com.au.

No investment advice

This presentation is not financial product advice, investment advice, legal, tax or other advice or a recommendation to acquire, hold or sell CZR securities or Zuleika securities. This presentation has been prepared without taking into account the objectives, financial situation or needs of any particular recipient. Notwithstanding the material in this presentation, the recipients should consider that any investment in CZR and Zuleika highly speculative and should consult their professional advisors (whether scientific, business, financial or legal) before deciding whether to make any investment in CZR or Zuleika. Before making an investment decision prospective investors should consider the appropriateness of the information having regard to their own objectives, financial situation and needs, and seek legal, taxation and financial advice appropriate to their jurisdiction and circumstances.

Limitation on CZR Information

All information in this presentation in relation to CZR and its operations – including in relation to or otherwise derived from historical production, historical costs and cash flows and other financial information, or production or development plans, or infrastructure or production capacity or capability, or any forward-looking statements relating to or extrapolated from any of that information – has been sourced from CZR (CZR Information). Forward-looking statements

This presentation may contain forward-looking statements regarding CZR, Zuleika and their projects. Forward-looking statements may in some cases be identified by terminology such as “may”, “will”, “could”, “should”, “expect”, “plan”, “intend”, “anticipate”, “believe”, “estimate”, “predict”, “potential” or “continue”, the negative of such terms or other comparable terminology. These forward-looking statements are only predictions. Actual events or results may differ materially, and a number of factors may cause our actual results to differ materially from any such statement. Such factors include among others general market conditions, demand for our products, development in reserves and resources, unpredictable changes in regulations affecting our markets, market acceptance of products and such other factors that may be relevant from time to time.

Forward-looking statements (made at the date of this presentation unless otherwise indicated) include, among others, statements regarding intentions, beliefs and expectations, plans, strategies and objectives of the directors and management of Zuleika and CZR, the anticipated timing for and outcome and effects of the takeover (including expected benefits to shareholders of Zuleika and CZR), indications of and guidance on synergies, financial position or performance, expectations for the ongoing development and growth potential and the future operation of CZR and Zuleika.

Any forward-looking statements, as well as any other opinions and estimates, provided in this presentation are based on assumptions, contingencies and estimates existing at the time of assessment and which are subject to change without notice impacting the accuracy of those statements and which may prove ultimately to be materially incorrect, as are statements about market and industry trends, which are based on interpretations of current market conditions. Forward-looking statements are not statements of historical fact and actual events and results may differ materially from those contemplated by the forward-looking statements as a result of a variety of risks, uncertainties and other factors, many of which are outside the control of CZR and Zuleika. Such factors may include, among other things, risks relating to funding requirements, commodity prices, exploration, development and operating risks (including unexpected capital or operating cost increases), production risks, competition and market risks, regulatory restrictions (including environmental regulations and associated liability, changes in regulatory restrictions or regulatory policy and potential title disputes) and risks associated with general economic conditions.

There can be no assurance that the takeover bid will be successful or that plans of the directors and management of CZR and Zuleika will proceed as currently expected or will ultimately be successful. You are strongly cautioned not to place undue reliance on forward-looking statements, including in respect of the financial outlook for CZR or Zuleika.

Except as required by applicable law or the ASX listing rules, CZR and Zuleika assume no obligation to, and expressly disclaim any duty to, provide any additional or updated information or to update any forward-looking statements, whether as a result of new information, future events or results, or otherwise. Nothing in this presentation will, under any circumstances (including by reason of this presentation remaining available and not being superseded or replaced by any other presentation or publication with respect to CZR or Zuleika, or the subject matter of this presentation), create an implication that there has been no change in the affairs of CZR or Zuleika since the date of this presentation. The distribution of this presentation may be subject to legal or regulatory restrictions in certain jurisdictions. Any person who comes into possession of this presentation must inform themselves of and comply with any such restrictions.

Transaction Highlights

1

Compelling Premium – The Implied Offer Price represents an implied premium of 32.9%¹ to Zuleika's 30-day VWAP.

2

Financial Strength and No Near-Term Capital Raising Requirements – The combined group will benefit from both CZR's and Zuleika's strong balance sheets and cash reserves, providing the financial flexibility to fund existing projects and pursue new investment or acquisition opportunities as they arise, together with a reduction in corporate costs.

3

Enhanced Capabilities – The merger of CZR and Zuleika will combine their highly complementary assets and expertise, significantly enhancing the group's overall capabilities across exploration, development and mining operations.

4

Strategic Regional Presence – All projects of the combined group are strategically located in Western Australia, delivering a strong regional presence and enabling significant operational efficiencies.

1. As per ASX announcement dated 26 June 2026 "CZR Resources and Zuleika Gold to merge via recommended Takeover Offer", the implied Offer Pricing is based on a reference pricing period being the 30-day VWAP up to and including 17 June 2026.

Transaction Rationale

- Reduces corporate overheads
- Increases cash balance which will give flexibility & opportunity for acquisitions
- Diversifies location, asset maturity and commodity risk and opportunity
- Recognises seasonal differences for managing field work, staffing and equipment
 - Pilbara is difficult for field work in mid-summer/cyclone conditions
 - Goldfields and Pilbara are seasonally complimentary
- Key projects (Croydon and Zuleika Shear) have been under capitalised in recent time
- Immediate uplift in asset value is expected through targeted work
- Simpler combined company structure including boards

Details of the Offer

CZR has entered into Bid Implementation Deed (“CZR”) to acquire Zuleika Gold (ASX: ZAG) for a total consideration of \$44.8 Million¹.

Consideration	Under the all scrip, off-market takeover offer (Offer), Zuleika shareholders will receive 0.1742 CZR shares for every one (1) Zuleika share, which implies a price of \$0.0427 per Zuleika share based on CZR's 30-day VWAP up to and including 17 June 2026.
Offer conditions – See Bid Implementation Deed for further details of Offer	
Minimum Acceptance	A minimum acceptance condition requiring CZR to obtain a relevant interest in at least 90% of all Zuleika Shares and acquire at least 75% of the Zuleika Shares under the Offer.
Shareholder Approval	CZR obtaining shareholder approval under ASX Listing Rule 10.1 to acquire Zuleika Shares held by Yandal Investments Pty Ltd (Yandal) and Ms Annie Guo and to issue the CZR shares to Yandal and Ms Annie Guo under the terms of the Offer and CZR's independent expert concluding (and continuing to conclude) that the transaction for CZR shareholders is fair and reasonable or not fair but reasonable.
Options and Performance Rights	All Zuleika Options must be exercised or exchanged for equivalent CZR options, and all Zuleika performance rights must vest and be converted into shares before the offer is finalised.
Zuleika Material Adverse Change	No Zuleika Material Adverse Change occurs.
Zuleika Regulated Event	No Zuleika Regulated Event occurs.
Zuleika Prescribed Occurrence	No Zuleika Prescribed Occurrence occurs.
Zuleika Warranty	No Breach of Zuleika Warranty occurs.
Regulatory Actions	No regulatory actions against Zuleika.

Flagship Gold & Copper Project

Advanced gold and copper targets 50 km from Northern Star's 11.2Moz Hemi Gold Project¹

- Top Camp
 - 7,000 m RC and DD resource definition program currently underway
 - Initial metallurgical test work underway
- Bottom Camp
 - Major gold-arsenic anomaly similar to Top Camp
 - Poorly tested – RC program to commence Q3 2026
- Martin
 - High grade Cu-Au-Zn VMS target that has never been drilled
 - Gold and copper soils anomalies that are untested
- Hemi-style gold targets
 - Large structural corridors and sanukitoid-type intrusions mapped
 - Initial surface sampling and heritage clearance completed
 - AC testing 2H 2026

1. NST ASX Announcement 2 December 2024 "Northern Star agrees to acquire De Grey"

Iron Ore and Base Metals/Gold Opportunity

Tenure located adjacent to world-class Shay Gap and Yarrie historic mining operation owned by BHP

- Defined untested Iron Ore prospects with limited historic drilling
 - Cabbage Tree – Prospect
 - Kennedy Gap – Extension to BHP's Y10 deposit
- Both prospects require RC drill testing.
- The large ground position on the edge of the Pilbara Craton boundary includes a compelling magnetic and gravity anomaly, provide targets for gold and base metals intrusion related deposits.

Strategic Iron and Magnetite Asset

Large tenure package surrounding Rio Tinto's Robe Valley Operations:

- Outcropping channel iron deposit (CID) mineralisation at Peters Creek and Darnell
- Priority target Peters Creek, located adjacent to road infrastructure and with grab samples up to 58% Fe¹
- Darnell prospect represents a large scale, greenfield exploration target with outcropping CID mapped
- Initial mapping and rock chipping completed at both target areas – results pending
- LIDAR survey booked to allow targeted field work and preliminary volume estimates.

Buddadoo

Multi commodity project in highly prospective region

Hosts the Buddadoo vanadium-titanium magnetite project and the Edamurta copper project:

- Ideally located close to bulk mineral export port of Geraldton (260 km) with good road and rail infrastructure
- Buddadoo mafic complex is an outcropping coarse-grained gabbro with massive banded and disseminated vanadiferous titanomagnetite over 6 km long and 350 m wide.
- Mineralised VMS system confirmed at Edamurta, with drill hits including:
 - **3.2 m at 3.8% Cu** from 188.7 m in (EDH8)¹
 - **4 m at 1.5% Cu, 5 g/t Ag, 0.1 g/t Au** from 104 m in (WHD-2)¹

Strategic tenure in the gold-rich Kundana–Ora Banda district of the Kalgoorlie Goldfield

- Located 30 km northwest of Kalgoorlie in the Eastern Gold Fields, within the Norseman-Wiluna Greenstone Belt
- Historic production of > 20 Moz of gold from the broader Zuleika Shear area
- Excellent infrastructure, close to Paddington and Kundana Processing Facilities
- Existing Mineral Resources at **Credo Well** and **Paradigm East**
- Consolidated landholding comprising ~ 220 km² of wholly owned tenure with significant upside from aggressive exploration

Zuleika & Credo Project location near regional infrastructure and operations

Credo Well Resource of 289 kt at 2.4 g/t Au for 22.5 koz¹

- Located just 10 km west of the Paddington Processing Facility
- Initial Resource, open at depth and along strike
- Excellent opportunity from Resource growth and further upside from exploration for repeat mineralization on the Credo Project tenure
- Drilling planned for H2 2026 to test for:
 - depth extension
 - stacked lodes in the hanging wall and footwall
 - geotechnical and metallurgical inputs for further studies

1. ZAG ASX Announcement 3 December 2025 "Significant Mineral Resource Upgrade to Credo Well Gold Project and Mining Studies to Commence"

Paradigm East Maiden Resource of 288 kt at 1.4 g/t Au for 12.6 koz¹

- Located ~ 60 km northwest of Kalgoorlie and just 1.5 km east of the NST Paradigm Gold Mine
- Significant intercepts including 24 m at 6.4 g/t Au (DPEAC021)² and 4 m at 17.5 g/t Au (DPEAC087)³ over a 1.8 km strike length
- Mineralisation shows good continuity, although the Resource is only estimated where closer spaced drilling exists.
- Infill drilling is planned in H2 2026

Paradigm East significant drilling results defining two mineralised surfaces of 1.8 km within 2.5 km of strike⁴

1. ZAG ASX Announcement 28 January 2026 "Maiden Mineral Resource for Zuleika's Paradigm East Deposit"
2. ZAG ASX Announcement 20 October 2020 "High Grade Gold Strike on Zuleika Shear at Paradigm East"

4. ZAG ASX Announcement 27 July 2021 "Continuous High-Grade Results at Paradigm East include 4m @ 4.93g/t Au and 10m @ 2.53 g/t Au

Exploration Corridor

The district comprises several historical and current operating mines which have produced ~20 Moz of gold to date

- Strong upside from aggressive exploration targeting the prolific Zuleika and Carnage Shears
- Data compilation at **Zuleika North** shows encouraging geology, geophysics, and surface geochemistry, and a best historic result of 5 m at 3.1 g/t Au from 38 m¹
- **Carnage** covers 20 km of strike length along the Carnage Structure and remains underexplored by modern exploration. Exploration focus at **White Flag**, on the intersection of the Carnage Structure and the Black Flag structural corridor.
- Multifaceted exploration planned for H2 2026 including RC and AC drilling
